ILLNESS SHEETS

**FACT SHEETS
FOR FAMILIES**

CCHP's user-friendly educational resources are developed for child care providers, instructors, Child Care Health Consultants, Child Care Health Advocates and the families they serve.

The mission of the California Childcare Health Program is to improve the quality of child care by initiating and strengthening linkages between the health, safety and child care communities and the families they serve. CCHP is a community-based program of the University of California, San Francisco School of Nursing, Department of Family Health Care Nursing.
